Quincy Compressor Awarded 2025 Best Companies to Work for in Alabama

BAY MINETTE, Ala., December 2, 2025 – Quincy Compressor was recently named as one of the *Best Companies to Work for in Alabama*. This annual program is in its fifteenth year - created by Business Alabama magazine and Best Companies Group.

This survey and awards program was designed to identify, recognize, and honor the best employers in Alabama, benefiting the economy, workforce, and businesses.

To be considered for participation, companies had to fulfill the following eligibility requirements:

- Be a for-profit or not-for-profit business or government entity
- Be a publicly or privately held business
- Have a facility in Alabama
- Have at least 15 employees in Alabama
- Be in business a minimum of 1 year

Companies from across the state entered the two-part survey process to determine the *Best Companies to Work for in Alabama*. The first part consisted of evaluating each nominated company's workplace policies, practices, philosophy, systems, and demographics. This part of the process was worth approximately 25% of the total evaluation. The second part consisted of an employee survey to measure the employee experience. This part of the process was worth approximately 75% of the total evaluation. The combined scores determined the top companies and the final rankings. Best Companies Group managed the overall registration and survey process in Alabama, analyzed the data, and determined the final rankings.

An awards event was held December 2, 2025, at The McWane Science Center in Birmingham, AL.
